SKILLS

Programming Languages: Java, Python, C++, PHP, HTML, CSS, JavaScript

Technologies: MySQL, ReactJS, PostgreSQL, Linux/Unix, Jira, Agile, Bash, Git, REST API's

PROJECTS

Personal Website (URL – ethanborg91.github.io)

- Created a personal website that holds information about myself, my hobbies, and schoolwork.
- Created using the languages of HTML and CSS and is hosted through GitHub pages.

PERN Stack Todo List

- Created an application that would allow the user to create, edit, and delete Todo list tasks using the PERN stack (PostgreSQL, Express.js, React, Node.js).
- Utilized RESTful APIs built with Express.js to handle CRUD operations which are displayed to the client side with ReactJS.
- Used a PostgreSQL relational database to store tasks from user input and respond to fetch calls.

Server Client Game Application

- Created a text-based game application with the ability to connect multiple players to a server room.
- This was created with Python using the socket API to connect player clients to server rooms.

PROFESSIONAL EXPERIENCE

Chipotle Mexican Grill, Oakville ON, Canada

Jun. 2022 – Aug. 2022
